

102C. 18) INTERNATIONAL SYMPOSIUM ON EARTHEN STRUCTURES (ISES-2018)

Principal Coordinator : Prof. B. V. Venkataram Reddy,
 Dept of Civil Engg, IISc
 Co-coordinator : Mr. H Hemanth Kumar, KSCST

The Indian Institute of Science, Bangalore along with other Knowledge partners including Karnataka State Council for Science and Technology organised a three day International Symposium titled “Earthen Structures (ISES-2018) on Aug 22-24, 2018 to provide an international platform for information dissemination and exchange, discussions and debates on research and sustainable practice in the field of earthen structures, including materials, building techniques, climate responsive architecture, building-comfort, energy in buildings, climate-change mitigation and emission reduction. The conference was jointly organised by

1. Indian Institute of Science (IISc) Bangalore, INDIA
2. University of Bath, UK.
3. Coventry University, UK
4. University of Durham, UK
5. University of Lyon (ENTPE) France
6. Earth Building Association (Dachverband Lehm e.V.), Germany
7. Karnataka State Council for Science & Technology (KSCST)

The symposium brought together practicing professionals (engineers and architects), manufacturers, building professionals, designers, academics, researchers and students keenly interested, engaged in the theory and practice of earthen structures. Eminent speakers from India and other countries (UK, France, Canada, Chile, Saudi Arabia, Sri Lanka, Australia, Germany, Brazil, Netherlands, etc.) made presentation during the conference.
