Bapuji Institute of Engineering and Technology came into existence in Davangere during the year 1982 under the able leadership and ideal vision of Dr. Shamanur Shivashankarappa, Hon, Secretary, Bapuji Educational association and Former Minister of Karnataka State.

The main intension of starting this college is to provide technical education to the economically weaker students residing in and around Davangere. Now this institution has grown remarkably and identified as one of the best Engineering colleges in the State of Karnataka. Many academics such as former director, principals, HoDs and all faculty members are responsible for the significant growth of this institute.

Presently this institute is running effectively under the leadership of an intelligent academician Dr. M.C. Nataraja, Principal and Dynamic Administrator Prof. Y. Vrushabendrappa, Director of this Institute. This Institute if offering 10 UG Programmes and 5 PG Programme. In addition there are departments recognized as research centres catering to Ph.D. Programmes and research.

Students passed out from this Institute are having good academic records and are placed in the leading companies such as TCS, INFOSYS, WIPRO, MADHURA GARMENTS AND SHAHI EXPORTS.

This Institute is having about 80% placement every year and the rest are acquiring higher education in India and abroad. This institute is having committed teachers and among them are 40 Ph.D holders. Institute is also equipped with smart auditorium, girls and boys hostel and a separate guest house.

In addition, this institute is providing healthy working environment for both students and faculty to excel their chosen field successfully.

Shetty Institute of Technology (SIT) located at Shahabad-Kalaburagi road (NH-150) is the big dream of Sri. Udayshankar Shetty, Chairman SIT, an educationist and philanthropist. Established in the year 2011 with an intake of 300 in five disciplines, SIT, Kalaburagi strives to produce engineering graduates of high quality who are team players, accountable, resourceful and above all technically competent. Our curriculum is designed to cater to the needs and aspirations of the industry, and our experienced and dedicated faculty ensures that the students acquire and develop the necessary technical and decision making skills to be leaders in the highly competitive world of industry.

SIT believes in practical and holistic education to prepare students for the real world and to enable their all-round development. A host of interesting courses, soft skills training, workshops, conferences, industrial visits, internship and extra-curricular activities challenge and stimulate students’ skills to the maximum, ensuring that they become industry-ready and future-ready. The students in the campus learn everything with joy and fun.
